

Virudhunagar Book Fair

Oct4,2024

The students of A.K.D. Dharma Raja Women's College, Rajapalayam, will be visiting the Virudhunagar Book Fair as part of an educational and cultural excursion. This trip aims to encourage a love for reading and provide students with an opportunity to explore a vast collection of books, ranging from academic resources to literature, self-help, and fiction. The visit will allow students to engage with new ideas, gain insights from diverse perspectives, and discover books that inspire personal growth and intellectual curiosity.

The event also aligns with the objectives of our college's Readers Club, which promotes the motto 'Read, Reflect, Grow.' The students, accompanied by faculty members, will take part in interactive sessions and explore the latest publications, helping to further nurture their learning and reading habits.
